Penmann
INNOVATIVE CLIMATIC SOLUTIONS FOR THE FOOD INDUSTRY

NR-H40E Portable Electric Boiler

Product Overview

Versatile – electric boiler suitable for a wide range of different applications – both commercial & industrial

Portable – trolley mounted for easy mobility

Fully packaged – complete with integral circulation pump, expansion tank & pressure relief valve

Digital controller – desired set point can be tailored for the application

Performance Data

Nominal Heating Capacity ..... 12/24/36 kW

Operating Limits
Minimum/Maximum Heating Fluid Supply Temperatures ..... 35/80 °C
Minimum/Maximum Heating Fluid Flow Rate..... -/116 l/min
Maximum Working Pressure ..... 3.0 bar

Electrical Data
Power Supply ..... 400/3/50 V/ph/Hz
Power Connection ..... 63 A 5 Pin Plug

Hydraulic Circuit
Connections ..... 3/4" BSP
Expansion Tank Volume ..... 10 litres

Physical Data
Length ..... 650 mm
Width ..... 650 mm
Height ..... 1,122 mm
Operating Weight..... 47 kg
